AT A GLANCE

GRAPHICS HOUSE IN THIRTY SECONDS

WHO

A Jeddah-based visual launch studio, the flagship of Tasami Group's three companies, alongside Bees Motion and Turriva.

WHAT

ProjectLaunch™, our off-plan launch system: scale models, films and CGI, interactive presentations and sales galleries.

WHERE

Saudi Arabia, Oman and Bahrain, with more than 15 years in the Saudi market.

PROOF

Muslim World League, Al Rajhi, Rafal, Alesayi Holding, Al Essai and 100+ projects and partners.

THE CHALLENGE DEVELOPERS FACE

BUYERS ARE ASKED TO COMMIT TO A BUILDING THEY CANNOT SEE

01

Plans and renders alone rarely let a buyer feel the project.

02

Brokers, sales teams and campaigns each tell a different story.

03

Every slow month of sales adds cost before a single unit is handed over.

We close that gap with one visual system that makes the project real before it is built.

OUR PRODUCTS

THREE PRODUCTS BUILT AROUND THE LAUNCH

Everything a developer needs to sell a project before it is built. ProjectLaunch™ is the flagship; the other two extend it.

FLAGSHIP · OFF-PLAN LAUNCH

PROJECTLAUNCH™

Models, films, interactive tools and the sales gallery, on one launch schedule.

PROJECT BRAND

BRANDSCALE™

Project identity and visual language, consistent from masterplan to unit sale.

DIGITAL SALES TOOLS

GROWTHLAUNCH™

Project landing page, unit selector and inquiry path, ready for the campaign to drive traffic.

OUR FLAGSHIP SYSTEM

PROJECTLAUNCH™: ONE VISUAL LANGUAGE FOR THE WHOLE LAUNCH

Off-plan launch system for developers in Saudi Arabia and the GCC. It turns a masterplan into a sales story and a sales gallery that persuades buyers before construction starts.

Maquettes

Classic, smart, kinetic and floor-furnish models

Films and CGI

Cinematic launch films and photoreal renders

Interactive

Touchscreens and tools for unit and plan selection

Sales gallery and décor

Spatial staging, photography and on-site installation

Every asset is produced under a single delivery schedule, with team training at handover.

HOW A LAUNCH COMES TOGETHER

FOUR STEPS FROM POSITIONING TO HANDOVER

01

Position

Lock the positioning, message and visual language

02

Produce

CGI, films, maquettes and interactive layers

03

Stage

Design the sales gallery for brokers and buyers

04

Hand over

Photography, installation and sales-team training

Fast visual readiness

Identity polish, render set or launch film, and a presentation maquette.

A FEW WEEKS

Launch gallery

Connected assets, sales-floor maquette and interactive, spatial staging, team training.

TIMED TO OPENING DAY

Full system

Identity, content, maquette, gallery and installation on one schedule.

WHY GRAPHICS HOUSE

FOUR REASONS DEVELOPERS CHOOSE US

01. One studio, physical and digital

Scale models, films, CGI and interactive presentations are produced in one team, so the message stays consistent from the model to the screen.

02. One team from concept to sales

Our four-step launch process covers positioning, production, the sales gallery and handover on one schedule.

03. Installed on site

Our group company Turriva builds the sales floor and exhibition décor on site, so the presentation you approve is the one buyers walk into.

04. Proven across the Gulf

Launches for developers, exhibitions and institutions, including Muslim World League, Al Rajhi and Anan Iskan.

THE GROUP

TASAMI

TASAMI GROUP: THREE SPECIALISED COMPANIES AND ONE AI OFFER

Graphics House is part of Tasami Group, so a whole launch can run with one partner. Bees Motion markets the project, Turriva builds the sales gallery, and the group itself offers Tasami AI to bring AI into the client's business.
